

Indregulering af ventilation – adgang til alle lejligheder!

Endelig er der kommet gang i reparationen af vores ventilationsanlæg. Elektrikeren er pt. i gang med at udskifte styringselektronik og trykfølere i alle opgange. Herefter skal anlægget indreguleres, som det hedder. Dette indebærer, at firmaet LR Reguleringsteknik skal have adgang til alle lejligheder for at justere på ventilerne i emhætten og på badeværelserne.

Det kommer til at ske på denne måde:

- Mandag den 16. juni i blok 2 (nr. 2, 4 og 6) og tirsdag den 17. juni i blok 1 (nr. 1, 3 og 5) mellem kl. 9 og 16 sker selve indreguleringen
- Du/I skal aflevere 1 nøgle til lejligheden senest den 12. juni!
- Nøglen skal afleveres i en lukket kuvert med tydelig navn og adresse (inkl. nr, etage og side) i postkassen til viceværten, som sidder i kælderen i opgang 1 – i rummet, der ligger til højre, når man kommer ud af elevatoren
- Alternativt kan du vælge at være hjemme hele dagen
- Under alle omstændigheder bedes du sende en email til viceværten (srs@sundbyrengoringsservice.dk), hvori du enten bekræfter, at du har afleveret nøglen, eller at du er hjemme hele dagen.
- På dagen vil indreguleringsfolkene aflevere en seddel i hver lejlighed, hvoraf det fremgår, at de har været der.
- Din nøgle vil blive afleveret i din egen postkasse samme dag, den er blevet brugt.

Vi har vedlagt instrukser fra Skanska vedr. rengøring af rist i emhætte og af ventil i badeværelset. Det er vigtigt, at dette sker inden den 13. juni!

DET ER NØDVENDIGT, AT SAMTLIGE LEJLIGHEDER INDREGULERES! TAK FOR HJÆLPEN!

Evt. spørgsmål til viceværten på email: srs@sundbyrengoringsservice.dk

Re-adjustment of Ventilation – Access to all apartments!

At last the repairs of our ventilation plants have commenced. Once that is completed the technicians need to perform a re-adjustment of the plant. This implies that the technicians must have access to all apartments in order to adjust the valves in the bathrooms as well as in the kitchens (inside the exhausts).

This is going to happen in the following manner:

- Monday, June 16th in building (blok) 2 (numbers 2, 4 and 6) and Tuesday, June 17th in building 1 (numbers 1, 3 and 5) between 09:00 and 16:00 is when it is going to happen
- You must deliver 1 apartment key at the latest on June 12th
- The key should be delivered in a closed envelope marked with clear name and address (incl. number, floor and side). There is a mailbox labeled "Til viceværten" (To the Janitor) in the basement of entrance no. 1 – in the room, which is to the right, when you leave the elevator.

- Your other alternative is to stay home all day on the day indicated
- Whichever way You choose, you must send an email to the Janitor on this address: srs@sundbyrengoringsservice.dk, wherein you either confirm that you have dropped the key in the mailbox or that you are going to stay home all day.
- On the day indicated the technicians will leave a note in each apartment confirming that they have been there.
- Your key will be returned to you in your own mailbox on the same day it was used.

We have enclosed instructions from the builder, Skanska, about how to clean the valves in the bathrooms and the filter in the exhaust. Unfortunately this is only available in Danish. The cleaning must take place before June 13th!

IT IS NECESSARY THAT ALL AND EVERY APPARTMENT IS RE-ADJUSTED! THANK YOU FOR YOUR COOPERATION!

If you have any questions, please direct them to the Janitor at srs@sundbyrengoringsservice.dk.

Med venlig hilsen / Best regards

Bestyrelsen / The committee of the owners' association.
